

Wine and Champagnes selection

Le Calao Restaurant proposes an exploration of wine by physical style, region, grape variety, emotion and sensation. The categories in the list are broadly organized according to impression of weight, from light to full body examples.

You will find wines coming from the major French wine regions, as we believe, French cuisine and French wines, are one of the greatest matching to experience. We haven't forgotten worldwide wine producing regions and there are snapshots of Italy, New Zealand, Argentina, Chile, and Germany...

Eiswein - WHITE

Made from harvested frozen grapes, gathered at minus 10° C when the vineyards are swathed in snow.

- 215 Château Dousprat, Bordeaux, Sainte-Croix-du-Mont, 2013, 13%
(as sweet as sauternes) good for apéritif and dessert, and foie gras
Classic white Bordeaux blends are pale gold in color, perhaps with flashes golden-green, and are characterized by aromas of citrus, grass and hay. Sweet examples, such as those made in Bordeaux' s Sauternes, Cerons, Cadillac and Loupiac districts, show a range of honeyed lemon, orange marmalade, dried apricot and even preserved tropical flavors with (depending on age) secondary notes of sweet nuts and treacle.

- 157 Pinnacle, 2007, Canada 12% Vol
Rich golden color with orange highlights. Fresh apples, cinnamon and spice, with a hint of honey. Opulent, intense and complex flavor, evocative of fine ice wines or Sauternes. Its sweetness is exquisitely balanced by acidity that keeps it from being cloying and makes for a clean finish. Enjoy as an aperitif, with fine cheeses and desserts, after dinner

- 150 The Sileni The Triangle, Merlot, Hawke' s Bay, 2018 New Zealand
Tasting Notes: Ruby. These 2007 merlots from Hawkes Bay are very good. This one is so fragrant there is almost a jujube quality to it, but let's say red roses and red and black plums, with a hint of spice which is almost confusable with ripe syrah. Palate is still firm, good plummy flavours, gentle oak, all in attractive balance and though not a low cropping rate, the wine is more substantial than many from Sileni. 13.5% Vol

Our Organic & Biodynamic Wines Selection

Fruit in general and particularly grapes are some of the most pesticide laden products on the planet. As a result, more vineyard owners are reverting to producing organic and biodynamic wines, resulting in healthier, more balanced vineyards after a few years of not damaging the environment by using agro-chemicals.

They also feel that because their wines are so pure, they can also reflect their origins better. Taste the difference and see for yourself!

Organic indicates that the wine has 95% organically grown ingredients (the other 5% must not be available organically). Again the certifying agency must be listed and the wine has the same sulfite requirements as 100% organic.

Biodynamic is based on the precise observation and an attempt at balance of nature, a concept originated by the early 20th-century Austrian philosopher Rudolf Steiner. So, biodynamic wine is not only 100% organic, in addition, the grower has gone beyond to try to bring the farming process more closely in tune with nature. Biodynamic growers may make their own compost and/or carefully watch the stars and phases of the moon.
